

MA in Education: Educational Counseling with an Embedded Pupil Personnel Services Credential in School Counseling

For more information: (626) 815-5026

APU's Master of Arts in Education: Educational Counseling (<https://www.apu.edu/education/programs/masters-in-school-counseling/>) offers candidates an efficient path to a school counseling career by embedding within the program all requirements for the Pupil Personnel Services Credential in School Counseling.

A requirement in completing the program is the completion of fieldwork or an internship, both of which provide candidates with hands-on experience in school counseling. An internship credential is appropriate for students who have secured a paid internship position and a contract to serve as a school counselor at a California public school. Students applying for an internship credential may submit their application for it upon successful completion of 8 prerequisite courses and prior to the start of the fieldwork/internship experience.

Course Sequence

Obtain academic advising prior to initial registration.

Code	Title	Units
Term 1		
EDCO 533	Counseling Theories and Techniques ¹	3
EDCO 535	Professionalism, Ethics, and Law ¹	3

Select one of the following:		4
EDCO 561	School Counseling Fieldwork II	
EDCO 581	School Counseling Internship II	
Total Units		50

¹ Prerequisites for fieldwork/internship

Additional Requirements

1. Candidates must earn a passing score of 150 or greater on the Praxis II School Counselor Test (code 5422) to demonstrate their competence in school counseling prior to completion of the program.
2. All candidates admitted to the Master of Arts in Education: Educational Counseling program are required to submit a copy of their California Certificate of Clearance (COC) or another form of clearance, such as a valid and current credential for teaching, counseling, school psychology, and/or nursing. The law requires Azusa Pacific University to keep these records on file while candidates are in attendance at APU.
3. Candidates must verify successful completion of the California Basic Skills Requirement (<https://www.ctc.ca.gov/credentials/leaflets/basic-skills-requirement-cl-667/>) via one of the options approved by the California Commission on Teacher Credentialing (CTC) (<https://www.ctc.ca.gov/>), prior to admission.

Advisory Notes

- Educational psychology can be pursued as an educational specialist (EdS) degree with a second master's degree embedded after completing the requirements for the Master of Arts in Education: Educational Counseling. Because these programs are unique, students must be admitted to each program separately. Candidates intending to pursue two Master of Arts in Education degrees should review the university requirements for additional master's degrees as stated in the Academic Policies and Procedures (<http://catalog.apu.edu/policies-procedures/graduate/graduation-requirements-commencement/additional-masters-degree-or-concurrent-graduate-programs/>) section of the catalog.
- The practicum experience included in the educational counseling program is required by the California Commission on Teacher Credentialing and consists of 100 hours completed in a K-12 setting or approved clinical setting. These hours will be verified in the EDCO 575 course, which must be taken prior to fieldwork or internship. This course provides candidates the educational and clinical experience in applied psychotherapeutic techniques, assessment, diagnosis, prognosis, treatment, issues of development, adjustment, and maladjustment, health and wellness promotion, and other recognized counseling interventions.
- At some regional campuses, candidates may need to delay enrollment until there are a sufficient number of beginning candidates to provide the appropriate adult learning opportunities. Applicants can obtain detailed information about dates for beginning coursework by requesting an advisement appointment at the Azusa campus or any of the regional campuses.
- Candidates must maintain a minimum cumulative grade-point average (GPA) of 3.0 in their program of study, and receive a grade of *B-* or higher in each course (a grade of *CR* in fieldwork/internship).
- Candidates approaching program completion must obtain a credential application from the Office of Credentials (<https://www.apu.edu/education/resources/credentials/>). The graduate degree must be conferred before receiving the credential recommendation.
- Candidates approaching graduation must obtain and complete a Graduation Application (<https://www.apu.edu/student-services/registration/#gradproforms>) from the Office of the Registrar (<https://www.apu.edu/student-services/registration/>) in accordance with published university deadlines. The registrar and department will collaborate to determine whether the student has met all requirements.
- Candidates have a maximum of five years to complete all coursework and assessments, including waivers and transfer of units, beginning the first date of enrollment for coursework in the degree program.

Admission

University graduate admission and program-specific requirements must be met before an application is complete (see Admissions Information (<http://catalog.apu.edu/admissions/>)). **Program-specific application requirements are available online (<https://www.apu.edu/graduateprofessional/apply/>).**

International students should contact Graduate and Professional Admissions (<https://www.apu.edu/graduateprofessional/apply/>) for application procedures.

Program Learning Outcomes

Program Learning Outcomes

Students who successfully complete this program shall be able to:
