Undergraduate Community Expectations

It is the intention of Azusa Pacific that the faith-living-learning environment is as healthy as possible and fosters positive qualities of life, promoting sound academic and personal growth experiences. As university staff come alongside students during their time at APU, we strive to respect and care for each individual and their needs, while also considering the community's needs. Our goal is to keep accountability, integrity, and a call to God-honoring excellence at the center, as we encourage students to take responsibility for their actions and choices. All undergraduate students are expected to abide by the undergraduate community expectations listed in the APU Undergraduate Student Handbook (https://www.apu.edu/student-handbook/).
